Tailored Suits for Easter!

Will you want your new Suit for Easter? If so, you should make your selection at once, as every day now sees some of the best models picked up, and these are most of them Suits we cannot duplicate, as many of the early cloths have been closed out. Then we do not intend to have only two or three of a kind in any of the better models. If the suit is to be fitted, we cannot do only a certain amount between now and April 15, so please make your choice as soon as you can and we will do our best for you.

Ladies' Tailored Suits

The new spring suits are an entire change from what they were last season and there is something in the smartness of the style that is very attractive. For a summer suit, the short coat suit is certainly a very desirable garment.

When you can buy a suit at \$12.50 of a quality of material, style and workmanship of the one we are offering this season, you cannot afford to have the old suit fixed up. These suits come in all colors, and are made of a good weight all wool goods.

At \$15.00 we have got a number of different models in suits that are extra values, made from fine all wool serges, in all colors and black. These suits are made in the plain tailored style finished with braid, and satin bands. If you want a good fifteen dollar suit see these.

Our \$18.00 line of suits are values we are very glad to have you see. When we sell you one of these suits, we know you will get more than \$18.00 wear out of them, and will get all the style of the better suits.

Ladies' Tailored Suits

If a lady wants a dressy spring garment, the tailored suit will appeal to her as the garment needed. The suit is a dressy spring garment especially when the coats are the length worn this season.

At \$20.00 and \$22.50 are some values in tailored suits that are very good models. These suits are made mostly in serges and are a suit that will wear to look well and will keep their shape.

At \$25.00 and \$27.00 is a line of suit values that will surely appeal to those who want something a little different. Here is a line of suits made up of worsteds and serges, in a variety of the season's best models. These are values we carry mostly in samples, thus giving you suits that are the best of values, and then you do not see many duplicates of the same model.

At \$30.00 are some suit values that are sure to appeal to you as a little different, as there is a tone about these values that makes them as different in style and finish. These are suits we only have one or two alike. Just look over their values.

Ladies' Dressing Saques and Kimonos

We have just received a large invoice of ladies' spring and summer kimonos and dressing saques. These are a garment made up in the best of shape, and in a variety of popular materials.

At 50c is a dressing saque made up of a good quality, white and colored figured muslin. These are trimmed with plain muslin to match the figures.

At 65 cents is a line of dressing saques made up of colored figured bordered muslin and trimmed with the borders. These are good values.

At 87 cents is a line of dressing saques made up of muslin and challies. These are made up in the best style, some finished with the borders others with plain contrasting muslin.

At \$1.25 are some very good numbers made of a fine quality figured muslin; finished with lace and ribbon.

At \$1.35 is a very good dressing saque made from a fine quality colored ground muslin, with white figures, are finished with lace and ribbon.

At from \$1.00 to \$2.50 is a line of long kimonos. These are extra good values. These come in muslins and challies, and are finished with self borders and ribbons.
